---

Good afternoon, Mr. Thomas.

I'd like to request and probably to obtain copies of all emails in the possession of anyone on the Westwood Village BID staff that mention any of the following search terms:

- a. Between anyone on the Westwood Village BID staff and anyone at the domain faculty.org or faculty.cc, where "between" means TO/FROM/CC/BCC
- b. Contains any of the search terms:
  - i. Shelly
  - ii. Howard
  - iii. Chloe
  - iv. Kristen
  - v. Robin
  - vi. Westwood Forward (not as an exact phrase, please)
  - vii. Gregor

c. Between anyone on the Westwood Village BID staff and anyone at [www.org](http://www.org) where "between" means TO/FROM/CC/BCC. If you know of any email addresses that anyone on the [www.org](http://www.org) uses to conduct business with the BID (which are at domains other than [www.org](http://www.org)), can you please search on those as well?

I need to see this material from January 1, 2017 through date of compliance. Also, I need to see emails in a native email format, which means either PDF, MSG, MBOX, or PST. I need to see all attachments to these emails in their native formats as well. This will happen automatically when you supply emails in one of the listed formats.

Thank you for your help.
